

# Living the Dream Recon Style

Youth and Family Education at Kol HaLev is driven by an annual theme. This year we will be learning about Reconstructing Judaism, focusing on the 4Bs - Believing, Behaving, Belonging and Becoming, Science and Judaism, as well as Social Justice. While we cannot have an exhaustive exploration during our time together, we will utilize the time to the fullest for a meaningful experience.

Kol HaLev's vision is to provide a holistic approach to youth and family education within our community. The education program for youth and families has been created in a manner that allows for a symbiotic relationship between all the components: Hagiga, Nesiya, Tot Parent Shabbat, family education, youth group, and intergenerational programs.

We have many special events to enhance our learning - retreats to the Museum of Natural History and Common Ground, intergenerational holiday celebrations, special cohort events, and more! We hope you will join us! Please see other side for dates of programs.

Our Mission Statement begins by saying Kol HaLev is a learning community spanning and bridging generations. We offer many educational opportunities for our members from ages 0 to 120. Hope you will join the fun!
